- What will this mean for voluntary and community groups and social enterprises?
- How can we plan for the future and try to influence what happens in our area?

This seminar is an opportunity to consider some of the changes that will be taking place, with input from key decision-makers and thinkers. Take some time and space at the end of the working day (and before the summer holidays) to reflect, discuss and network.

This seminar is organised by the Social Spark Steering Group and is open to VCSE organisations in the mid and south Essex areas.
